

The first steps:

If you would like to establish a *Bluetooth*® connection for the first time, you must activate the *Bluetooth*® function in your mobile telephone and start the search for *Bluetooth*® devices. Search for a device with the description „CC 9060...“. If several devices have been found, please select and connect the CC 9060 and enter the **PIN number`1234`**. The subsequent functions are described in the operating manual.
